**PODCAST OF THE MONTH**  
August 2010

BILATERAL STENOSIS OF THE INTERNAL CAROTID ARTERIES

Watch for free!  
[Click here.](#)

■ Scientific Program of ICCA 2010

jump to -> [Friday ... Saturday](#)

■ Friday, October 15th, 2010

07:00 - 18:00 **Registration**

07:00 - 08:00 **Breakfast**

08:00 - 08:10 **Welcome and Introduction**  
Moderator: Nina Wunderlich, MD / Horst Sievert, MD

08:10 - 10:30 **Session 1 - Cerebrovascular Interventions in 2010**  
Chairperson: L. Nelson Hopkins, MD  
Moderator: Nina Wunderlich, MD

[Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany](#)

Rationale for Treating Intracranial Stenosis  
Speaker: L. Nelson Hopkins, MD

Rationale for Endovascular Stroke Treatment  
Speaker: Iris Grunwald, MD

Rationale for Treating Symptomatic and Asymptomatic Aneurysms  
Speaker: Panagiotis Papanagiotou, MD

Carotid Stenting in 2010 - Data That Support the Procedure in a Broad Range of Indications  
Speaker: Martin Schillinger, MD

Issues Surrounding CAS in Patients Needing CABG  
Speaker: Subbarao Myla, MD

ICCA 2010 is awarded with 12 CME credits by EBAC Board

IMPRINT

[Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany](#)

10:30 - 12:20 **Session 2 - Vascular Access Techniques and Carotid Stent Delivery in Complex Anatomy**  
Chairperson: Giovanni Torsello, MD  
Moderator: Martin Schillinger, MD

[Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany](#)

Femoral Approach: Wires, Catheters, Sheaths in Complex Aortic Arch  
Speaker: L. Nelson Hopkins, MD

Brachial and Radial Access  
Speaker: Bernhard Reimers, MD

How to Implant the Stent: Tips & Tricks  
Speaker: Klaus Mathias, MD

[Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany](#)

Germany

12:30 - 13:50 **Lunch Session and Industry Exhibition**

Offenbach **Call for Complex Cases**  
 Chairperson: Subbarao Myla, MD

Complex Vascular Access  
 Speaker: Klaus Mathias, MD

Complex Aortic Arch  
 Speaker: TBD

Complex Carotid Anatomy  
 Speaker: TBD

Complex Carotid Lesion  
 Speaker: TBD

Complex Patient Comorbidity  
 Speaker: Richard du Mesnil de Rochemont, MD

Buchholz **Embolic Protection Devices: Device Specific Tips and Tricks**  
 Chairperson: Martin Schillinger , MD

Concentric Filters  
 Speaker: Martin Schillinger , MD

Excentric Filters  
 Speaker: Markus Haumer, MD

Proximal Occlusion Devices  
 Speaker: Bernhard Reimers, MD

Salzburg **Intracranial Balloons and Stents**  
 Chairperson: Iris Grunwald, MD

Which Devices are Available?  
 Speaker: L. Nelson Hopkins, MD

When not to Treat  
 Speaker: Iris Grunwald, MD

Balloon Angioplasty  
 Speaker: Panagiotis Papanagiotou, MD

Experience With the Codman Enterprise Stent  
 Speaker: TBD

Drug Eluting Balloons for Intracranial Stenoses  
 Speaker: Wolfgang Reith, MD

14:00 - 16:00 **Session 3 - Update on CAS Trials**  
 Chairperson: Wolfgang Reith, MD  
 Moderator: Subbarao Myla, MD

[Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany and University at Buffalo, Buffalo, USA](#)

New Results from CAS Registries  
 Speaker: Martin Schillinger , MD

Insights from CREST  
 Speaker: L. Nelson Hopkins, MD

When to Intervene in Symptomatic Patients?  
 Speaker: Klaus Mathias, MD

Case Selection in Asymptomatic Patients  
 Speaker: L. Nelson Hopkins, MD

[Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany and University at Buffalo, Buffalo, USA](#)

16:00 - 18:00 **Session 4 - Acute Stroke Interventions**  
 Chairperson: L. Nelson Hopkins, MD  
 Moderator: Iris Grunwald, MD

[Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany and University at Buffalo, Buffalo, USA](#)

Pathways for EST and the Oxford Model  
 Speaker: Iris Grunwald, MD

Experience With a Mobile Stroke Unit  
 Speaker: TBD

Patient Selection for Endovascular Treatment  
 Speaker: TBD

Techniques and Devices for Acute Stroke Interventions  
 Speaker: Iris Grunwald, MD

Flow Reversal for Acute Stroke Interventions  
 Speaker: Wolfgang Reith, MD

[Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany and University at Buffalo, Buffalo, USA](#)

- 18:10 - 19:30 **Evening Session**
- Salzburg **Case Review of Acute Stroke Interventions**  
 Chairperson: TBD
- A Case of Mechanical Recanalisation and Balloon Angioplasty  
 Speaker: Richard du Mesnil de Rochemont, MD
- A Case of Intracranial Stenting in Acute Stroke  
 Speaker: Wolfgang Reith, MD
- A Case of Stenting of the Carotid Bifurcation  
 Speaker: Panagiotis Papanagiotou, MD
- Clot Aspiration and Retrieval  
 Speaker: TBD
- Hockenheim **Clinical Indications for Carotid Stenting**  
 Chairperson: Martin Schillinger , MD
- Patients I Send to Surgery  
 Speaker: Klaus Mathias, MD
- I am a Surgeon but These are Patients I Stent  
 Speaker: Giovanni Torsello, MD
- Patients I Treat Medically  
 Speaker: Martin Schillinger , MD
- Buchholz **Bring Your Cases and Discuss With Experts**  
 Chairperson: Subbarao Myla, MD
- Case Presentations and Interactive Discussions  
 Speaker: Bernhard Reimers, MD / Iris Grunwald, MD / ICCA Attendees
- Offenbach **Ultrasound Imaging of the Carotids**  
 Chairperson: Zsolt Garami, MD / Nina Wunderlich, MD
- Duplex Ultrasound Before Stenting  
 Speaker: Nina Wunderlich, MD
- TCD Basic and Patient Selection  
 Speaker: Zsolt Garami, MD
- TCD for Carotid Intervention Monitoring  
 Speaker: Zsolt Garami, MD
- Duplex Ultrasound After Carotid Stenting  
 Speaker: Nina Wunderlich, MD

■ **Saturday, October 16th, 2010**

- 07:00 - 18:00 **Registration**
- 07:00 - 08:00 **Breakfast Poster Session**  
 Chairperson: Richard du Mesnil de Rochemont, MD
- 08:00 - 10:30 **Session 5 - When Things go Wrong**  
 Chairperson: Subbarao Myla, MD  
 Moderator: Martin Schillinger , MD
- [Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany and University Hospital Saarland, Homburg/Saar, Germany](#)
- Management of Complications During Carotid Stenting  
 Speaker: Iris Grunwald, MD
- Hyperperfusion Syndrome: Prevention, Diagnosis and Treatment - via Satellite from Homburg Saar  
 Speaker: Wolfgang Reith, MD
- Debate on Platelet Function Tests Before Carotid Stenting - Should be Done in all Patients  
 Speaker: Iris Grunwald, MD
- Debate on Platelet Function Tests Before Carotid Stenting - We don't do This and we Have Good Reasons  
 Speaker: Bernhard Reimers, MD
- [Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany and University Hospital Saarland, Homburg/Saar, Germany](#)
- 10:00 - 12:30 **Session 6 - Embolic Protection Devices**  
 Chairperson: Giancarlo Biamino, MD  
 Moderator: Bernhard Reimers, MD

[Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany and University Hospital Saarland, Homburg/Saar, Germany](#)

Debate - Proximal Occlusion Techniques Should be Used Whenever Possible  
Speaker: Markus Haumer, MD

Debate - It is Reasonable to use Filters in the Majority of Cases  
Speaker: Klaus Mathias, MD

Preliminary Results of a Randomized Study : Flow Reversal vs Distal Protection  
Speaker: Bernhard Reimers, MD

Intracranial Doppler During Carotid Stenting  
Speaker: Zsolt Garami, MD

[Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany and University Hospital Saarland, Homburg/Saar, Germany](#)

12:30 - 13:50 **Lunch Session and Industry Exhibition**

Salzburg **Complex Stent Procedures: Interactive Case Discussion**  
Chairperson: Subbarao Myla, MD

A Case of Carotid Artery Dissection During Carotid Stenting  
Speaker: Markus Haumer, MD  
A Case of Embolic Stroke Despite Proximal Occlusion  
Speaker: Giancarlo Biamino, MD  
A Case With Problems due to the Filter  
Speaker: Subbarao Myla, MD

Offenbach **Intracranial Aneurysms**  
Chairperson: Iris Grunwald, MD

Location and Prognosis of Intracranial Aneurysms  
Speaker: Stefan Weidauer, MD  
So Many Different Types of Coils: What do I Really Need?  
Speaker: Iris Grunwald, MD  
How to Coil and how to use Balloons and Conventional Stents  
Speaker: TBD  
Flow Diverters: Where do we Stand?  
Speaker: Iris Grunwald, MD

14:00 - 16:00 **Session 7 - Chronic Cerebral Venous Insufficiency and the Liberation Procedure: A new Field for Interventionalists or one of the Errors in Medicine?**

Chairperson: L. Nelson Hopkins, MD  
Moderator: Nina Wunderlich, MD

[Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany and University Hospital Saarland, Homburg/Saar, Germany](#)

What Could be the Relationship Between Multiple Sclerosis and Cerebral Venous Abnormalities  
Speaker: Gudrun Japp, MD

Venous Angio MRI Findings in Multiple Sclerosis  
Speaker: S. Zapf, MD

Duplex Findings in Multiple Sclerosis  
Speaker: TBD

Early Results of Venous Angioplasty in Multiple Sclerosis  
Speaker: Marian Simka, MD

[Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany and University Hospital Saarland, Homburg/Saar, Germany](#)

16:00 - 18:00 **Session 8 - My Most Difficult Cerebrovascular Intervention and What I Learned From it**

Chairperson: Subbarao Myla, MD  
Moderator: Martin Schillinger, MD

[Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany and University Hospital Saarland, Homburg/Saar, Germany](#)

Complication Case 1  
Speaker: TBD

Complication Case 2  
Speaker: TBD

Complication Case 3  
Speaker: TBD

Complication Case 4  
Speaker: Subbarao Myla, MD

[Live Cases From CardioVascular Center Frankfurt, Sankt Katharinen, Frankfurt, Germany and University Hospital Saarland, Homburg/Saar, Germany](#)

18:00 - 18:10

**Closing Remarks and Thank You**

Chairperson: Nina Wunderlich, MD / Horst Sievert, MD
